5) Ratings:

-> Every player has one overall rating (out of 100) and 6 sub ratings (out of 10).

-> The six sub ratings are

- Power Play Batting, Bowling
- Mid Over Batting, Bowling
- Death Over Batting, Bowling

6) Bonus Points:

1. Batting

- There will be 3 categories Powerplay, Middle Overs(abbreviated as middle), Death Overs(abbreviated as death).
- You must choose 3 players for Powerplay category,3 players for Middle category and 2 players for Death category.

- If the category is powerplay then sum of the batting powerplay ratings of the 4 players will be taken. Similarly, for Middle and Death as well.
- **1 batsman can be used in maximum 2 categories (any 2).**

2. Bowling

- You must choose 2 players for Powerplay, 2 players for Middle and 2 players for Death.
- **1 bowler can be used in maximum 2 categories (any 2).**

3. All Rounder

- As you know each player will have 6 sub ratings, but for batsmen all the bowling ratings would be 0 and for bowlers all the batting ratings would be 0 (powerplay, middle and death).
- For all rounders all 6 rating parameters will have value and thus they can be used as batsmen (in any of the 3 categories) or bowlers (in any of the 3 categories) or both.
- **1 all rounder can be used in maximum 3 categories (2 in batting and 1 in bowling).** *Star Fielder: You will get 2 bonus points for a player which will be marked star and those points will be added to your final score if and only if that star marked player is in your playing 11.

-> FINAL RATING

The final rating will be calculated by adding the overall rating of all the 11 players (which you submit out of all the ones you have bought), the bonus ratings acquired by the same 11 players in accordance with the categories you put them into and the star fielder points (if applicable).

7) There will be closed bidding for players after **15 crores**.

8) There will be one transfer windows. After 75 players have been auctioned In the transfer window you can trade players for other players or cash with other teams. The 1st transfer window will be of 15 mins.

9) **POWER CARDS**

Base price for team name bidding 50 Lakhs

1 RTM free for every team

Auction will be conducted for 1 extra RTM if required (Base Price 20 lakh)

Auction for 1 RTS (Base Price 20 Lakh)

1. RTM (Right to Match)

- After the auction of the teams is done, each team will get a RTM card which they can use at any time during the auction.
- If Virat Kohli is sold to MI for 10 Cr, then RCB can use the RTM card and get Virat Kohli for 10 Cr.
- But note that RTM can be used only on the player of the team you own, so RCB can't use the RTM card on Ravindra Jadeja.
- Also, this card can be used only once i.e., only on 1 player by a team.

2. RTS (Right to Sell)

- If you own this card you can at any point in the auction put back a player you own into the auction and get the money you paid for it back.
- Example: If you buy Ravindra Jadeja for 14 Cr in the beginning of the auction but halfway through the auction you realize that you need the money or you feel 14 Cr is too much to spend, you can use the RTS card and with that you will get your 15 Cr back and Ravindra Jadeja would become an unsold player and will come back in the auction for the teams to bid for later.
